

Our mission is to increase the hospitality industry's contributions to the Greater New Orleans community by eliminating some of the economic burden that area shelters face feeding those in need. The partnership between the Greater New Orleans Hotel & Lodging Association and the Greater New Orleans Chapter of the Louisiana Restaurant Association allows for both the New Orleans Rescue Mission and St. Jude Community Center to feed a hot lunch once a week to those in need. Each Tuesday members sponsor and serve approximately 200 luncheon meals between the two shelters.
