

Terminix Customers,

Disinfecting and sanitizing is an important part of Integrated Pest Management. You may not know that Terminix has been in the disinfectant business since Hurricane Katrina.

Terminix can sanitize and disinfect your facility. We have EPA N-List approved products for disinfection. The product(s) are deemed to be effective by the EPA.

Our protocol and product allow us to treat ALL non-porous surfaces & our application sites are as follows:

*Office Spaces

*Medical Facilities

*Restaurants/Kitchens

*Hotels & Hotel Rooms

*Residential Homes

*Vehicles

*More

TERMINIX WILL:

Terminix technicians will treat facilities such as schools, daycares, homes, & businesses using proven N List EPA-registered disinfectants.

**Call or Text TERMINIX
504-834-7330**
